Restaurant Solutions

EVERY DOLLAR COUNTS

In an industry study, just over two dozen U.S. retailers reported shoplifting and employee theft losses of more than **$4.7 billion** in a single year. They caught 1 out of every 28 employees stealing. A larger study of U.S. retail chains found that shoplifting cost retailers nearly **$10 billion** in losses, and employee theft cost **$15 billion.**

Those shrinkage losses don't include other threats to your bottom line: losses from robbery or burglary, fire or vandalism, or fraudulent injury claims, to name a few.

Solutions Tailored to Restaurants Sonitrol has worked with restaurants for over 50 years offering tailored electronic security solutions to protect your business from vandalism and theft. We even have solutions to monitor cooler and freezer temperatures 24/7, alerting you immediately of any rise in temperature to protect your valuable inventory.

Complete Protection
Sonitrol protects your restaurant when you're open for business and after closing hours.
